### CDE TEAM:

Dr. T. Mansoor Ali  
Dr. Subashini Reuben  
Dr. C. Burnice Nalina Kumari  
Dr. N. Vinoth

Dr. Ronak D Nankani  
Dr. Kanmani, R  
Dr. S. Vijaya Suresh  
Dr. S. Vandana  
Dr. Ashwini Arivazhagan

### OFFICE ADDRESS

Dr. A. P. Maheshwar | 98400 35713  
Hon. Branch Secretary | apmaheshwar@yahoo.com

IDA Madras Branch,  
26/22, Maloney Road,  
AK Swamy Tower, T. Nagar,  
Chennai - 600017.

### ABOUT THE PROGRAMME

Digital Dentistry is the new normal – totally transforming every segment of Dentistry – from patient experiences to diagnosis to surgeries and restorations. With digital hands to help us, treatments are becoming increasingly precise, predictable and expeditious. The programme will focus on Digital workflows in Implantology. A model demonstration of guided protocols in Advanced Implantology – All on 4 and Guided Zygomatic Implantology will be highlights of the programme.

### ABOUT THE SPEAKERS

**Dr. Arunachalam D.** MDS, MBA  
Senior Periodontist

Director of Smiles India Family Dentistry  
Former Dean Priyadarshini Dental College  
and Hospitals, EC Member, Organising Secretary  
and Editor of Indian Society of Periodontology

**Dr. Johnson Raja James,** BDS, MDS, FICD  
Periodontology

Implant Surgeon, Professor & International Certified  
Implant Mentor with 18 Years of Experience in  
Advanced Implantology (FMR, Pterygoid &  
Zygomatic) and Peri-Implant Regeneration.

### REGISTRATION DETAILS

Dr. S. Vandana  
Dr. Ashwini Arivazhagan

### ABOUT THE PROGRAMME

#### CONTENT:

The lecture content will address the relevant physical properties required for Composites to be used for restoring Anterior teeth aesthetically and posterior teeth for longevity. Concepts of shade selection and layering will be introduced as well as the various techniques of finishing and polishing to achieve life-like anatomy and lustre.

#### LEARNING OBJECTIVES:

- \* Shade selection
- \* Understanding colour and it's variables
- \* Simplified approach to layered Anterior Composite restorations
- \* Simplified finishing and polishing techniques
- \* Placement techniques to prevent common post-operative problems with direct posterior Composites
- \* Review of dentin adhesives and procedures
- \* Rationale of bulk fill Composites

#### HANDS-ON:

- \* Direct composite veneer and
- \* Finishing and polishing protocols.

### ABOUT THE SPEAKER

Dr. Deepak Mehta BDS, MDS, FICD

Operative Dentistry & Endodontics & Esthetic Dentistry

\* An expert in Restorative Dentistry with more than 21 years of experience in academics, research and clinical practice.

\* Secretary General of International Academy of Adhesive Dentistry (IAAD), 2022-23.

\* Member in good standing of the American Society for Dental Aesthetics since 2014.

\* President of the Indian Academy of Esthetic & Cosmetic Dentistry (IAACD-2023).

\* Invited Speaker in more than 250 regional and 50 international professional dental meetings and conferences.

AK Swamy Tower, T. Nagar, Chennai - 600017.

## ABOUT THE PROGRAMME

Exodontia / Surgical Extraction of teeth, even over the last two centuries of evolution of modern dentistry, continues to remain the fundamental mainstay of training and practice. Proportionately, the advances in medicine, delivery of health care, a rise in life style diseases and an increase in health comorbidities has largely impacted safe delivery of such dental treatments.

Extraction of mandibular 3rd molar, to attempt or not, has been the greatest dilemma for dental practitioners.

This presentation is aimed at identifying such potentially difficult extractions and discuss about the simple methods / steps to be followed for performing the surgical extraction procedures with ease.

Limited exposure during training, inadequate medical knowledge, oversight of general health status of the patient results in untoward complications and unfavorable post extraction sequelae. The presentation also aims to address diagnostic challenges, emphasis on routine investigations, frequent post extraction complications, and methods to manage.

If the future extractions in your practice starts to be a breeze, it's time to TANGO, or if a random element of difficulty does arise, there is still the knowledge to UNTANGLE.

## ABOUT THE SPEAKERS

**Prof. Dr. R. Yoganandha**

MDS (OMFS), FDSRCS (UK), MOMS RCPSPG, MFDS RCPSPG, MFDS RCSEd., MFDS RCSE

- \* Fellow of Implantology (Goteborg, Sweden)

INITIATION OF LASERS INTO YOUR CLINICAL  
PRACTICE

Sunday, 16<sup>th</sup> July 2023

## ABOUT THE PROGRAMME

Laser Dentistry, a rapidly emerging superspecialty using multidisciplinary approach has been designed for patients who prefer a bloodless, painless and comfortable dental appointments. Laser Dentistry offers a precise predictable treatment outcome involving soft and hard tissue compared to drills and non-Laser tools.

Laser - "Light Amplification by the Stimulated Emission of Radiation" creates light energy in a very narrow and focussed high energy beam. Using Laser tissue interaction, the laser light either shapes or removes the host tissue. Multiple procedures are performed for effective, more efficient treatment outcomes.

This lecture would emphasize on Laser Physics and applications along with Clinical cases and hands-on training for a holistic understanding of this new technology, which is a boon for General Dental Practitioners.

## ABOUT THE SPEAKERS

**Dr. Premila Selvi Suganthan**, BDS, M.Sc (Laser Dentistry)

Laser Dentist

- \* First Indian to have been awarded Mastership in Laser Dentistry from World Clinical Laser Institute, Seoul
- \* Fellowship from the World Clinical Laser Institute, Sydney
- \* Fellowship in Facial Aesthetic and Cosmetology from Council of Cosmetology and Aesthetic Science

**Dr. Vidyaa Hari Iyer**, BDS

Laser Dentist, Psychotherapist and Counsellor

- \* Associate Fellowship World Clinical Laser Institute - Dubai
- \* Fellowship - University of Genova
- \* Won Outstanding Academic Excellence Award in Lasers and Mentor in Laserology

## GUEST OF HONOUR

**Dr. Prabhu Manickam Natarajan**, MDS (Periodontology), Ph.D.

- \* Fellowship in Faculty of Dental Surgery from the Royal College of Physicians and Surgeons of Glasgow, UK 2019
- \* Fellowship in FGDP Royal College of England, UK 2020
- \* Fellowship of the Faculty of Dental Trainers, Royal College of Surgeons of Edinburgh in January 2020
- \* Asst. Professor in Periodontics, College of Dentistry, Ajman University, UAE

- ▶ A total of 95 participants attended the programme.

# 8<sup>th</sup> CDE 2023 REPORT

SMILE REJUVENATION

scheduled on Sunday, 15<sup>th</sup> October 2023

## ABOUT THE PROGRAMME

Non-Surgical Peri-Oral Rejuvenation or Clinical Cosmetology has gained an increasing popularity over the years. A holistic solution for a dento-facial concern is being preferred by the patients as well. Botulinum Toxin, Hyaluronic Acid & other Cosmetic Products have an important role to play in enhancing the appearance of the patients in peri-oral area, especially those with gummy smile, masseter hypertrophy, high lip line, black triangles between teeth or with aged/collapsed mid-face & lower face due to missing teeth. This session is aimed at discussing the role of Clinical Cosmetology to improve the Peri-Oral Zone and it's increasing scope for dental professionals.

## ABOUT THE SPEAKER

**Dr. Sapna Vadera, MDS (OMFS)**  
Cranio-Maxillofacial & Facial Plastic Surgeon

Dr. Sapna Vadera is one of the top Facial Plastic, Facial Cosmetic & Hair Transplant Surgeon. She maintains an exclusive Cosmetology Practice & consults at leading Cosmetic Centers across Mumbai. She is also the Co-Founder of Stellar Aesthetics, India. Throughout her meritorious career, She has been humbled with numerous awards including "Best South Asian Paper" for her pioneering research paper by PRS & "Excellence in Facial Cosmetics" by Indian Health Professional Awards. She is an International Speaker for Cosmetology & has been training & mentoring doctors who travel nationally & internationally to learn the art of Cosmetology from her. She has contributed to more than 32 International PubMed - Indexed Journals & Book Chapters.
